Anacapa Micro Products, Inc. has the expertise and resources to provide you with complete IT solutions and product-based services to meet all your specific requirements, including servers, storage, AV, cloud, networking, Telecom, software, and peripherals.

SEWP VI General Overview
The SEWP VI contract is a government-wide acquisition contract (GWAC) for Information Technology products and services. It is an indefinite delivery, indefinite quantity (IDIQ) contract, for use by all Federal Agencies and approved federal agency support contractors. Starting on November 1, 2026, SEWP VI has Maximum value of 20 Billion US$ and a period of performance of November 1, 2026 through October 31, 2036.

SEWP VI offers Advanced technology solutions including IT Virtualization, Infrastructure Consolidation, AV solutions, Servers, IT peripherals, Network equipment, Storage systems, Security tools, Software, Cloud based services, infrastructure equipment. Product based services such as installation, training, maintenance and warranty are also available through SEWP.

The SEWP VI Program Management Office (PMO) manages the SEWP VI program, and applies a small administration surcharge (0.34%) on all contract orders. SEWP V administration surcharge shall not be shown separately and must be included as part of the item pricing.

The recommended method is using the SEWP Quote Request Tool (QRT) available on the SEWP Website (sewp.nasa.gov). Use of this tool assists in providing and documenting Fair Opportunity and verifying and assuring items quoted are on the contract and properly priced. All SEWP quotes and orders MUST go through the SEWP Program Management Office (PMO)

Support Procedures
ANACAPA follows established procedures to coordinate installation, technical, and software support as needed. Basic and extended warranty coverage is subject to the original equipment manufacturer (OEM) terms and conditions. These procedures are subject to the applicable contractual requirements. For any customer service issues, please contact:
Miguel Gil – miguelg@anacapamicro.com
Stephanie Garcia – sgarcia@anacapamicro.com

Troubleshooting Procedures
ANACAPA follows established processes to identify, evaluate, and resolve order-related issues. Customer concerns are documented, and communicated to responsible parties, with resolution activities continuously monitored to support timely disposition. For any technical issues, please contact:
Carlos Canela - ccanela@anacapamicro.com

About ANACAPA
ANACAPA is a HUBZone-certified small business, founded in 1991, which supplies IT hardware and software, audio/video, electronic components integrated solutions and cloud computing to government agencies, prime contractors, and higher education.

ANACAPA competes with the large computer manufacturers so we must keep our pricing competitive so that buying from ANACAPA becomes the smartest strategy for business capital investment. We must be able to offer the expertise that our customers have come to trust.

At ANACAPA our technical experts must be able to work with customers and potential customers to find the computing solution best suited to their individual needs and budgets. We are able to provide our customers with high quality, name-brand equipment at the most competitive prices. We offer the best customer support our customers have come to rely on. At ANACAPA we are proud to have earned the International Organization for Standardization's new ISO 9001:2000 certification, recognizable evidence of our ongoing commitment to excellence and high level of customer satisfaction.
